Voltvera Presentation 2026

Welcome to the Future of Sustainable Commerce

A premium opportunity built on performance, transparency, and exponential growth.

SUSTAINABLE

SCALABLE

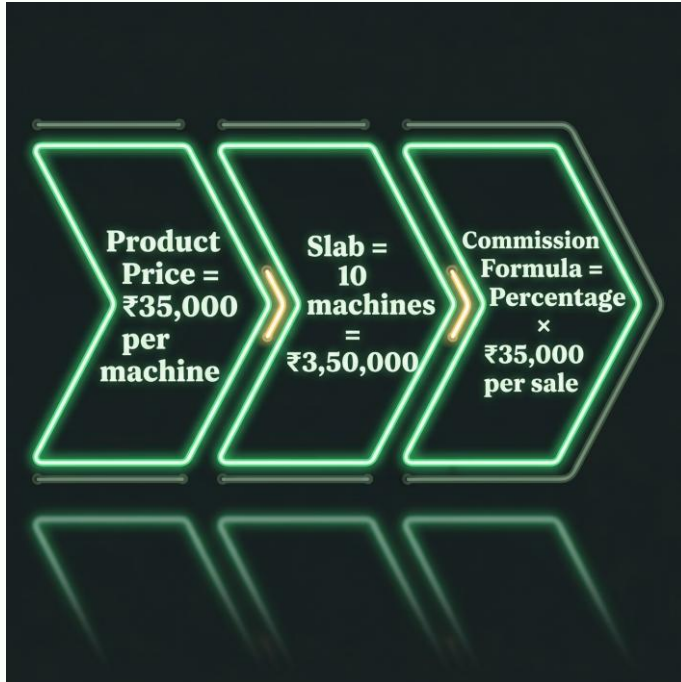

HIGH PERFORMANCE

How It Works

The Basic Calculation Framework

Every Voltvera partner operates on a clear, transparent pricing and commission model. The math is simple – your earnings scale directly with your performance.

Unit Price

If Voltvera machine is priced at **₹35,000**, a premium sustainable product with strong market demand.

Slab Structure

Every **10 machines** sold = ₹3,50,000 slab – the foundational unit for commission calculation.

Income Formula

Commission % × ₹35,000 = your income per sale. The higher your level, the greater your return.

Levels 1–7

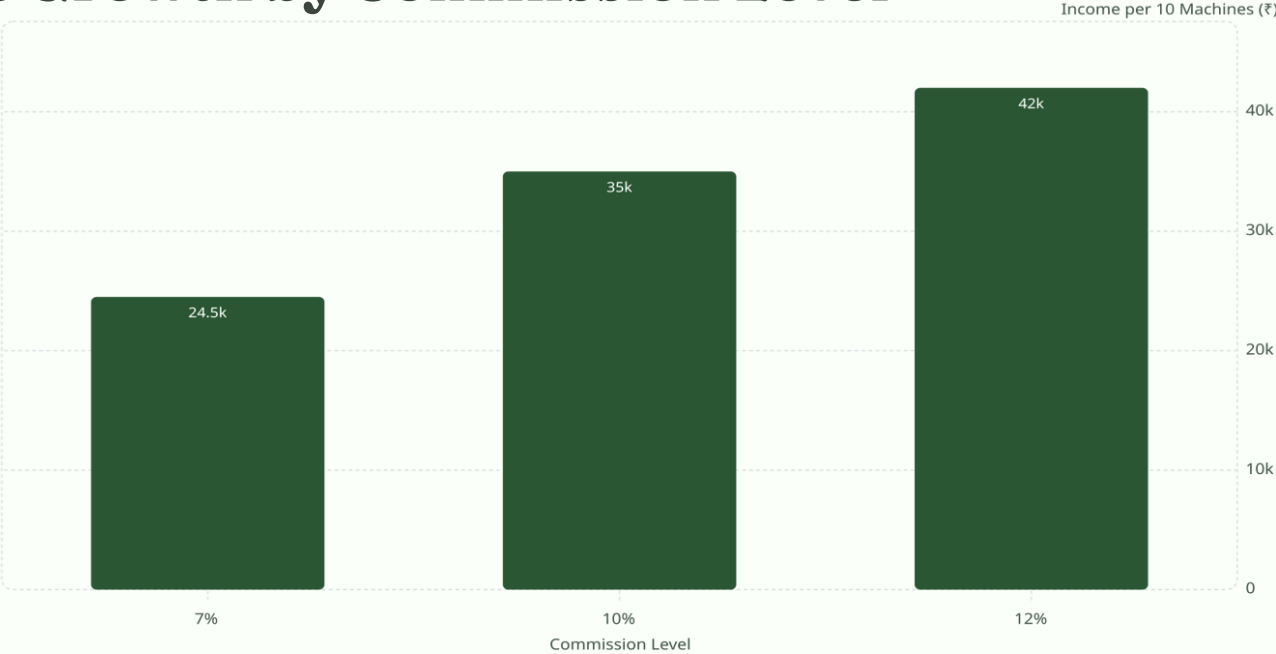

Commission Structure: Entry Levels

Your journey begins at 7% and grows steadily. Each level represents a higher commission rate and greater earning potential per machine sold.

Level	Commission %	Income per Sale	Income on 10 Machines
Level 1	7%	₹2,450	₹24,500
Level 2	8%	₹2,800	₹28,000
Level 3	9%	₹3,150	₹31,500
Level 4	10%	₹3,500	₹35,000
Level 5	11%	₹3,850	₹38,500
Level 6	12%	₹4,200	₹42,000
